

DIMENSIONES DE PERFILES DE EPDM PARA CARROCERIAS

Dimensiones de sección

A: Ancho exterior
B: Alto exterior

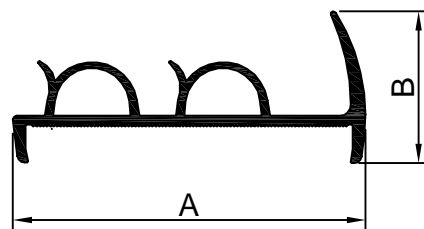

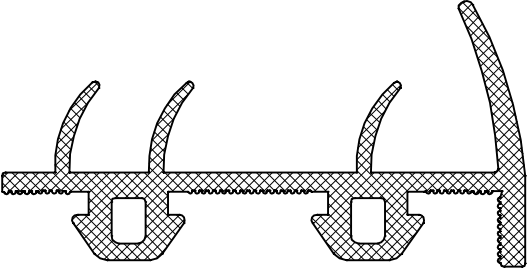

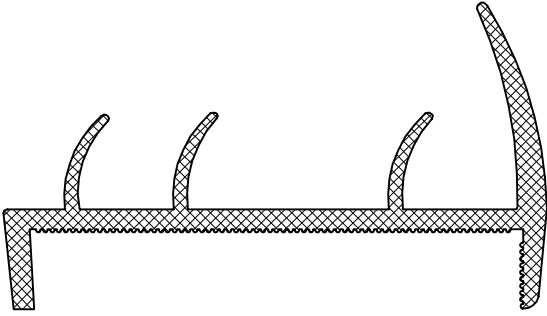

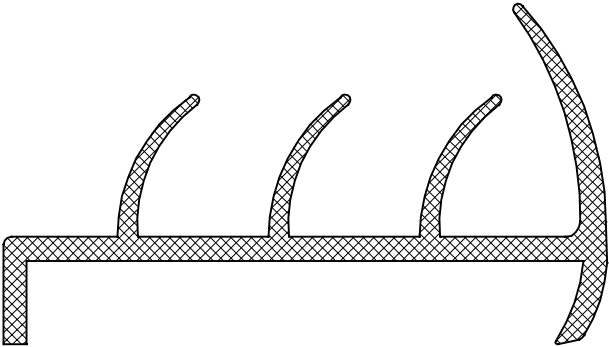

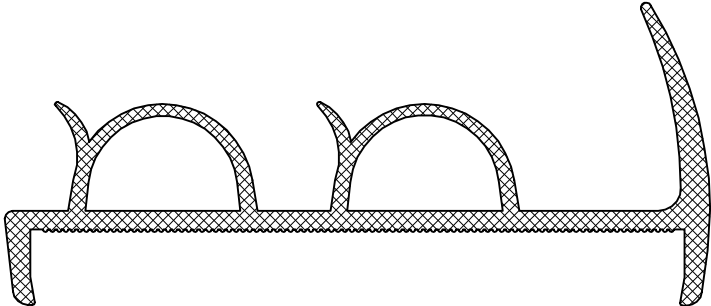

Figura	Descripción
 <p>A cross-section diagram of an EPDM profile. It features a horizontal base with two rectangular cutouts. From the top of the base, three curved lips extend upwards. The right end of the profile is finished with a vertical, slightly curved lip.</p>	<p>35.7010.00</p> <p>EPDM Tiras (medida sobre pedido) Defensa</p> <p>A= 69 B= 35</p>
 <p>A cross-section diagram of an EPDM profile. It has a horizontal base with a small vertical lip on the left end. Three curved lips extend upwards from the top of the base. The right end is finished with a vertical, slightly curved lip.</p>	<p>35.7011.00</p> <p>EPDM Tiras (medida sobre pedido) Defensa</p> <p>A= 72 B= 40</p>
 <p>A cross-section diagram of an EPDM profile. It features a horizontal base with a vertical lip on the left end. Three curved lips extend upwards from the top of the base. The right end is finished with a vertical, slightly curved lip.</p>	<p>35.7012.00</p> <p>EPDM Tiras (medida sobre pedido) Defensa</p> <p>A= 80 B= 45</p>
 <p>A cross-section diagram of an EPDM profile. It has a horizontal base with a vertical lip on the left end. Two large, semi-circular lips extend upwards from the top of the base. The right end is finished with a vertical, slightly curved lip.</p>	<p>35.7013.00</p> <p>EPDM Tiras (medida sobre pedido) Defensa</p> <p>A= 93 B= 40</p>
